ABOUT US

Joddha Projects Private Limited is an ISO 9001:2015 certified industrial solutions provider and an "A" Class electrical contractor, delivering excellence across solar, electrical, HVAC, and fire-fighting turnkey projects.

With deep technical expertise and a strong understanding of regulatory standards, we are equipped to execute complex projects of any scale across diverse geographies. Our strength lies in offering fully integrated, customized solutions tailored to client needs—ensuring efficiency, compliance, and long-term performance.

Driven by a commitment to innovation and accessibility, we continuously explore new technologies to broaden the reach of our solutions. What sets us apart is our customer-first philosophy and dedicated after-sales service, earning us recognition as one of the nation's trusted solution providers.

CORE VALUES

At the heart of Joddha Projects are unwavering core values—integrity, quality, and accountability—that guide our every step as we grow and lead in the industry. The five core values underpinning the way we do business are:

Integrity: We will be fair, honest, transparent and ethical in our conduct; everything we do must stand the test of public scrutiny.

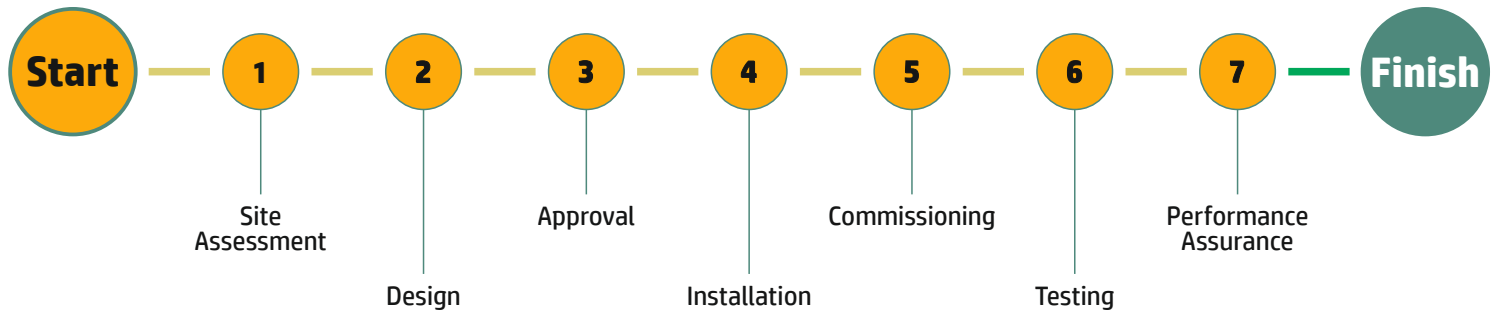

Excellence: We will be passionate about achieving the highest standards of quality, always promoting meritocracy.

Unity: We will invest in our people and partners, enable continuous learning, and build caring and collaborative relationships based on trust and mutual respect.

Responsibility: We will integrate environmental and social principles in our businesses, ensuring that what comes from the people goes back to the people many times over.

Pioneering: We will be bold and agile, courageously taking on challenges, using deep customer insight to develop innovative solutions.

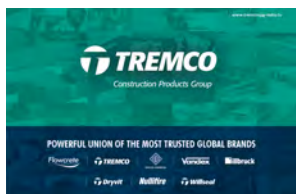

HOW WE DO IT

OUR SOLUTIONS

MAJOR CONNECTING DOTS...

WHY JPPL

SINGLE WINDOW SOLUTION

We are able to offer a complete process of high-quality steel structure, including consultancy, design, fabrication & erection. This integrated the production process will bring to our customers huge advantages of an optimal solution, high quality products and perfect customer services.

QUALITY ASSURANCE

Quality check of strength and appearances carried out at every stage and every piece of manufacturing to execution to ensure the excellent end product with high durability.

PERFECT CUSTOMER SUPPORT AND SERVICES

With the regular attendance of the project management board to serve customer's from the beginning to the final stage of project, customers can be sure of the quality, on schedule progress and guaranteed service.

Safety first. Safety always.

Protect the team, protect the client,
and protect the project—both on and off-site.

We focus on safety as it pertains to our internal team, our clients, and our projects by fostering a safety-always culture.
